Prices are indicative and subject to final specification, site conditions and operating loads.

# What the published price covers

The price is for one platform kit. The minimum order quantity is two platform units.

## INCLUDED IN THE CORE PLATFORM KIT

- Factory-tested sealed black PE100 flotation pipes.
- Machined, treated structural frame and hardwood deck kit.
- Standard bolt-together hardware and labelled components.
- Platform drawings, assembly manual and configuration stability check.

## QUOTED FOR EACH PROJECT

- Freight, insurance, import duty, local handling and assembly.
- Cleats, bumpers, spuds, ramp, marine packs and lifting equipment.
- Site-specific engineering, approvals, moorings and commissioning.
- Project accessories, tanks and non-standard finishes or equipment.

## STANDARD COMMERCIAL TERMS

### PRICE BASIS

From price per individual platform unit, ex works, in USD.

### EFFECTIVE DATE

26 October 2026.

### MINIMUM ORDER

Two platform units. Volume pricing available from four units.

### DS STANDARD

The public DS platform is the standard 7.0 m-wide suite and Escape Edition foundation.

### OTHER WIDTHS

Narrower or wider suite platforms are available only after project-specific engineering review.

### VALIDITY

Final offer remains subject to confirmed specification, loads, water conditions and supply pricing.

## REQUEST A PRICED SPECIFICATION

Send the destination, nearest port, intended use, loads and water conditions.
